INTERNAL QUALITY ASSURANCE CELL BUNDELKHAND UNIVERSITY, JHANSI

It was reviewed that the recommendations of first cycle were implemented to considerable extent. The IQAC Coordinator apprised the present members about the recommendations of the NAAC peer team during the second cycle of accreditation.

The recommendations were as below:

II. Observations and Recommendations during Second Cycle : 2011

- i. Establishment of USIC, CIC, Alumni Association, Student Chapters of Professional Bodies, Clubs**
- ii. Establishment of College Development Council
- iii. Collaborations with National and International institutions for research development
- iv. Interdepartmental/inter-disciplinary research**
- v. Consultancy to industries and establishment of Entrepreneurship Development cell**
- vi. Resource Mobilization
- vii. Filling vacant teaching posts and adequate salary to SFS staff
- viii. Introduction of new programmes to meet regional local needs
- ix. Wi-fi campus development
- x. Sustainable Development through alternate energy use, rain water harvesting, organic farming and land use planning

The above recommendations were discussed in detail and the following deliberations and resolutions were made :

1. The Innovation Cell shall be upgraded as the Central Instrumentation Facility for interdisciplinary research at Intra and Inter University research collaborations. The Dean Science was advised to find out prospective institutions and research labs for such collaborations.
2. It was also emphasized that the faculty members may be encouraged to undertake interdepartmental and interdisciplinary research projects. It shall facilitate personal and departmental growth.

3. The faculty members must make efforts to grab funds for research from leading funding agencies.
4. It was also discussed and resolved that the University shall constitute a Consultancy Development Cell and shall mobilize resources through consultation to respective industries and organizations. The present members from Engineering, Architecture, Management, Social work and Applied sciences were encouraged to undertake consultancy in their respective fields.
5. It was also discussed that the vacant positions in regular and SFS departments may be filled on priority basis.
6. The introduction of value added courses was also emphasized and discussed by Hon'ble Vice Chancellor.
7. To ensure sustainable development and adhere to the environmental norms, it was discussed and resolved that the University need to adopt renewable source of energy. The recommendation for rain water harvesting and waste disposal methods and water treatment plant was also discussed at length.

It was agreed by all that the above recommendations shall be implemented to contribute to institutional, regional and national development.

The meeting ended with a vote of thanks to the Chair.

A collection of handwritten signatures in blue ink, arranged in two rows. The top row contains four signatures, and the bottom row contains four signatures. The signatures are stylized and difficult to read, but they appear to be the names of the participants in the meeting.
