Training is an essential tool for facing opportunities and challenges in placements...

By Dr.Ruchi Pandey

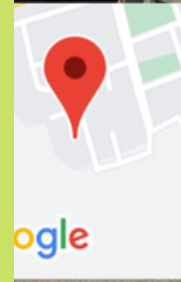

- Dr. Ruchi Pandey, DEAN Academics and Trainings Head of Department at Gyan Ganga Institute of Technology & Science, Jabalpur, has 16 years of work experience under her belt. She is also a coordinator in NBA Accreditation Process. She took some of her precious time to address the students of the Electronics and Communication Department and Computer Science Engineering Department, IET, Bundelkhand University.

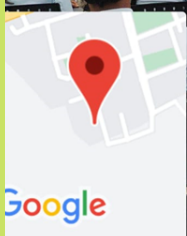

- To help guide the students in the right path, the Department of Electronics and Communication Engineering Department, Institute of Engineering and Technology, Bundelkhand University had organized an expert talk on 29th of September, 2022. The congregation of the students was addressed by Respected Dr. Ruchi Pandey, Prof & Head, Dean - Academics and Trainings, Gyan Ganga Institute of Technology & Science, Jabalpur.

- She had built a good accord with the students by interacting and sharing all her special moves a student can take while preparing for a brighter future. Moving on year-wise, she explained what steps to take and how to progress slowly but powerfully. An innovative PowerPoint presentation played in the background which contained all her innovative ideas and pointers a student should follow to achieve success. Although achieving success is a parameter that is different for different people, it is helpful to receive guidance and advice whether in the first step of our education, or the very last one and she did just that. The professor had everyone's undivided attention as she elaborated her vision and walked the students through different aspects of careers that they want to pursue.

2. Students Of the Electronics and Communication department of Bundelkhand University hosted an event on Engineers' Day to commemorate the birth anniversary of the country's greatest engineer Mokshagundam Visvesvaraya

- Engineers' Day is a special day for the appreciation of engineers and may include celebrations to honor them for their special contribution. The engineer plays a vital role in the development of our country.

- The event was held in the digital lab in the Electronics and Communication Department of the IET building where all the students gathered and took on different roles for the event. The room was decorated and organized by the guidance of third-year ECE students with their juniors' help. The participation was mostly done by the second-year students who performed well and showcased their capabilities.

- Sanjay, third year student interacted with students and made some funny jokes. Next Aman Tiwari sang a melodious song. After the solo song Rashi and Yuvika sang a duet which was thoroughly applauded by the audience.
- Next, the respected H.O.D. was invited to the stage to deliver his kind words of encouragement and guidance. He had put forward his principle and vision for the youth of the department and motivated the students to reach for the better and brighter future.

- Next was the quiz competition, which was organized by third year students Arpit Katiyar, Adya Sharma, Anupam Verma and Lakshya Pandey. Participants were second year students. Winners were gifted with rewards.
- The program was successfully ended with a vote of thanks by Sarah Sheikh of second year who included everyone from the most important people to the organizers for being present and enhancing the worth of the event by giving their precious time and efforts.

3.Android Compose Camp Android Development workshop

- Compose camp is a series of workshops focused on using the Android Jetpack Compose library for building user interfaces in Android applications. This library is a modern, declarative toolkit for building user interfaces on Android, and it allows developers to build beautiful and responsive user interfaces using a Kotlin-based API.

- This workshop were organized by students of IET Departments of Electronics and Communication and Computer Science Engineering.
- During the workshop, lectures were delivered by a Student of ECE 2nd yr (Siddhant Sharma) and a Student of CSE(Nandini Paliwal and Sheetal Tyagi).
- These workshops are organized by Google Developer Students Clubs that enable college students to participate in forthcoming events and grow their knowledge in a peer-to-peer learning environment and build solutions for local business and their communities.

Attendance

- More than 70 students attended the workshop.
- Timeline
- Day 1 [26-09-2022] - Android development introduction.
- Day 2 [28-09-2022]- Basics of kotlin
- Day 3 [30-09-2022]- Introduction to jetpack compose.
- Day 4 [02-10-2022]- hands-on experience of building an android app using the jetpack compose.
